The Work of The Heathfield Fellowship

The Heathfield Fellowship helps Old Girls to maintain their link with the School and each other in the UK and around the world. The Fellowship exists to support both the School and all pupils of Heathfield past and present.

The Fellowship aims to foster ties and friendships between girls long after leaving School. As well as running events for Old Girls, the Fellowship also supports annual bursaries for girls should they have difficulty affording the full school fees. The Fellowship also invites applications from the UVI Form to support their gap year activities.

The Fellowship is run by a committee and is a registered charity (No. 1135865) with a full constitution. Your support would be extremely valuable and is greatly appreciated.
